

# RPC Bebo - Caring For Your Products

RPC - The Essential Ingredient

## Expertise

- An industry leader, thermoforming for over 50 years
- Detailed knowledge and understanding of the food market
- Technological leadership in barrier production & decoration alternatives
- 360 degree technical support from first design and product concept to filling process and line performance optimisation
- Award-winning design team for innovative solutions to packaging challenges
- Internationally recognised quality accreditations, incl. ISO 9001 and BRC/IOP Standard

## Choice

- Extensive range of standard products hundreds of free moulds
- Custom design to enhance brand image and product differentiation
- Close collaboration with RPC Group's injection moulding businesses to allow for single supplier sourcing
- Serving a comprehensive range of customers, from larger European manufacturers to smaller local businesses

## Sustainability

- RPC is committed to creating and producing environmentally sustainable packaging solutions that help our customers reduce their carbon footprint
- We focus on improving the design of product packaging to reduce the amount of material used whilst equaling or enhancing packaging performance
- We continue to seek ways to further reduce the environmental impact of our manufacturing operations through greater efficiencies and reduced water and electricity consumption

## 187 Seal Range

### Range description

The 187 Seal Range of trays is suitable for packaging a variety of food products, especially for fresh salads, delicatessen, meat, poultry, fish and ready meals. The range covers different sizes and shapes and lids so that you can easily choose the ideal packaging for your product. Selection of different materials and colours is available on demand also in multilayer (PP/EVOH/PP and PET/PE). Resistant to microwave cooking and reheating, hot-filling and high temperature processes such as pasteurisation and sterilisation (PP materials).

The high precision quality of forming satisfies the demand for high efficiency on filling lines, while material and decoration options allow for differentiation and enhanced shelf impact.

### Features

- Sealable U-rim
- Available in different materials: Polypropylene mono and barrier (PP/EVOH/PP)
- Available in transparent, coloured (upon demand)
- Suitable for direct food contact

Contact us now for product samples, commercial and technical support - We are happy to assist with your filling trials and can provide portable sealing equipment.

### Product range
