

RPC Bebo - Caring For Your Products

RPC - The Essential Ingredient

Expertise

- An industry leader, thermoforming for over 50 years
- Detailed knowledge and understanding of the food market
- Technological leadership in barrier production & decoration alternatives
- 360 degree technical support from first design and product concept to filling process and line performance optimisation
- Award-winning design team for innovative solutions to packaging challenges
- Internationally recognised quality accreditations, incl. ISO 9001 and BRC/IOP Standard

Choice

- Extensive range of standard products hundreds of free moulds
- Custom design to enhance brand image and product differentiation
- Close collaboration with RPC Group's injection moulding businesses to allow for single supplier sourcing
- Serving a comprehensive range of customers, from larger European manufacturers to smaller local businesses

Sustainability

- RPC is committed to creating and producing environmentally sustainable packaging solutions that help our customers reduce their carbon footprint
- We focus on improving the design of product packaging to reduce the amount of material used whilst equaling or enhancing packaging performance
- We continue to seek ways to further reduce the environmental impact of our manufacturing operations through greater efficiencies and reduced water and electricity consumption

RG108 Seal Range

Range description

The RG108 Seal Range is a polypropylene packaging range for various types of products like spreads and salads. High-transparent versions are also available. The range covers different sizes and shapes so that you can easily choose the ideal form for your product. Selection of lids of different materials and colours is also available.

Features

- Heat sealing U-rim
- Available in different materials: Polypropylene mono and barrier (PP/EVOH/PP)
- Available in transparent, coloured (upon demand)
- High quality decoration: labelling (sides and/or bottom)
- Suitable for direct food contact

Contact us now for product samples, commercial and technical support - We are happy to assist with your filling trials and can provide portable sealing equipment.
