

RPC Bebo - Caring For Your Products

RPC - The Essential Ingredient

Expertise

- An industry leader, thermoforming for over 50 years
- Detailed knowledge and understanding of the food market
- Technological leadership in barrier production & decoration alternatives
- 360 degree technical support from first design and product concept to filling process and line performance optimisation
- Award-winning design team for innovative solutions to packaging challenges
- Internationally recognised quality accreditations, incl. ISO 9001 and BRC/IOP Standard

Choice

- Extensive range of standard products hundreds of free moulds
- Custom design to enhance brand image and product differentiation
- Close collaboration with RPC Group's injection moulding businesses to allow for single supplier sourcing
- Serving a comprehensive range of customers, from larger European manufacturers to smaller local businesses

Sustainability

- RPC is committed to creating and producing environmentally sustainable packaging solutions that help our customers reduce their carbon footprint
- We focus on improving the design of product packaging to reduce the amount of material used whilst equaling or enhancing packaging performance
- We continue to seek ways to further reduce the environmental impact of our manufacturing operations through greater efficiencies and reduced water and electricity consumption

RO76 Seal Range

Range description

The RO76 Seal Range is a comprehensive range of polypropylene tubs and (APET) lids, suitable for a variety of food (e.g. sauces, spices, delicatessen, spreadable products) and non-food applications. Also it is often added as a sauce cup in ready meals and salads.

The polypropylene cups and lids can be used for microwave reheating.

It is available in a sealable version.

The high precision quality of forming satisfies the demand for high efficiency on filling lines, while material and decoration options allow for differentiation and enhanced shelf impact.

Features

- Sealable
- Standard available in PPure (ultra-transparent polypropylene mono)
- Also available in coloured (upon demand), barrier (PP/EVOH/PP)
- High quality decoration alternatives: Postprinting, labelling (sides and/or bottom), embossing
- Suitable for direct food contact

Contact us now for product samples, commercial and technical support - We are happy to assist with your filling trials and can provide portable sealing equipment.

Product range

Product name	Dimensions (Diameter x Height)	Brimful volume
Ro76 75ml	Ø76 x 24mm	75ml
